

Busbar sets 1-pole+N for miniature circuit breakers 1+N, 1 MW

BS990170

BS990171

Schrack-Info

Set includes 1 pc 1-meter busbar 10 mm² grey, 1 pc 1-meter busbar 10 mm² blue, 3 (version 1-pole+N) or 9 (3-pole+N version) flexible 10 mm² wires black with ultrasonically-consolidated ends and 3 in blue. The ultrasonic welded end of the wires have exactly the same fit, which allows them to fit into the terminal of SCHRACK MCBs BS 1+N with 1 MW. Compared to a fixed adapter, they offer the advantage that they can be flexible from the side and from the supply device. The set comes packed in a polybag.

DESCRIPTION	AVAILABLE	ORDER NO.
Small Connect, Wiring Set 1+N, 10mm ² , for MCB 1+N/1MW		BS990170
Small Connect, Wiring Set 3+N, 10mm ² , for MCB 1+N/1MW		BS990171

Order no. blue: on stock, usually ready for delivery on the day of order

Connection terminal 25mm² for small-connect

BS990172

Schrack-Info

Side connection model saves vertical space and is thus especially suitable for 1-pole Small Connect busbars. Straight connection model saves horizontal space and is thus especially suitable for 3-pole Small Connect busbars.
